This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1 (original): An isolated nucleic acid molecule comprising SEQ ID NO:1 or SEQ ID NO:14.

Claim 2 (original): An expression vector comprising the nucleic acid molecule of claim 1, operably linked to a heterologous gene that encodes a gene product.

Claims 3-5 (canceled).

Claim 6 (original): An isolated host cell transformed with the vector of claim 2.

Claims 7-11 (canceled).

Claim 12 (original): The isolated nucleic acid molecule of claim 1, wherein the molecule specifically hybridizes to a coding sequence comprising SEQ ID NO: 15.

Claim 13 (original): An isolated human nucleic acid molecule fragment of at least about 500 nucleotides of SEQ ID NO:1, wherein the fragment exhibits promoter activity.

Claim 14 (original): An expression vector comprising the nucleic acid molecule fragment of claim 13, wherein the vector is

operably linked to a heterologous gene that encodes a gene product.

Claims 15-17 (canceled).

Claim 18 (original): An isolated host cell transformed with the vector of claim 14

Claim 19 (canceled).

Claim 20 (original): The fragment of claim 13, wherein the fragment specifically hybridizes to a coding sequence comprising SEQ ID NO:15.
